

Support for the City of Ashland Sustainable Trails Plan

Dear XXXXXX,

I'm writing to you today in support of the RVMBA's proposed Sustainable Trails Plan to the city of Ashland. I strongly support the proposal in addressing some of the issues on city-owned property to make this community more bike friendly and address the flaws in our current trails. In order to keep Ashland as a premier mountain biking destination, we need to address these issues and keep upgrading and building new trails.

Signed XXXX

Note: Please feel free to add anything personal to make the letter of support stronger:

e.g. I've been a local cyclist for 10+ years and it is impossible to ignore the boom in mountain biking in the last few years; My boys (9 & 7) love mountain biking, but teaching them how to mountain bike was tricky as there aren't very many beginner trails for them; I live in the south end of town and would love to have options that put me back on my side of town through Oredson Todd; etc.
